Welcome Statement

"Welcome to our practice! You are very special to us. We appreciate the confidence and opportunity to help you with your dental needs and goals.

It is important to spend the necessary time to get to know each patient. After a very thorough and complete new patient exam, we study all the information which usually includes a digital photos and smile analysis, a state of the art CT x-ray scan, articulated stone models of your teeth, and full mouth digital x-rays. Then we will be able to recommend an appropriate treatment plan designed to help you enjoy a better quality of life through optimum dental health.

New patients usually return for a consultation appointment within a week after their exam, where all treatment plans, alternatives, insurance estimates, and fees are presented.

Thank you for allowing us to serve you!"

Visit Our Website: www.thwilliams.com

(Before & After Photos of Actual Patients)

We offer a complimentary(no copay) new patient visit to determine the best method of dental treatment for your specific needs.

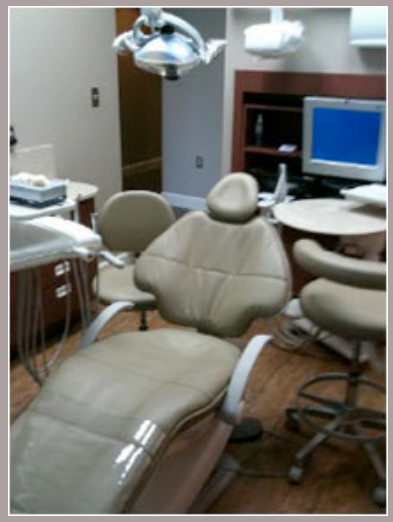
Practice



New Patient Information

Dental Insurance is unlike most medical insurance plans in that dental insurance plans usually do not cover all expenses and have calendar year maximum benefits ($750 to $1500 in most cases). Most plans pay fixed allowances for certain procedures. Please bring any insurance information and policy coverage at your initial visit so that our business staff may assist you in determining your benefits and answer any questions concerning your coverage. For your convenience we do accept most dental insurance plans. **Please do not be dependent on your dental insurance for major dental needs.**

Appointments: Patients are seen by appointment only. We make every effort to be on time for our patients, and ask that you extend the same courtesy to us. BROKEN APPOINTMENTS and last minute CANCELLATIONS affect many people and the preparations made for your visit. We do ask that except in the case of a true emergency, please make every effort to keep your scheduled appointment and do require 24 hours notice to avoid cancellation fees.

Payment Options. We accept checks, cash, Visa, MasterCard, Discover, and American Express. We also offer phased treatment plans and a flexible payment plan through CareCredit which helps you pay for health care costs your insurance doesn't cover. We offer No Interest* financing or low minimum monthly payment options so you can afford the smile you deserve. For more information or to apply online: www.carecredit.com
